

Sadili- High Quality Product For Your Family

Innovative company "GeoNaturals" was founded in 2016. It is located in the village "Gamarjveba", Dedoplistskaro municipality and produces canned dishes.

The enterprise is armed with modern technology equipment and holds the international certificate of FSSC- 22000.

Geonaturals Ltd produces products under the brand "Sadili", which was established in 2020 and distributes products throughout Georgia.

The products presented in the company are distinguished by high quality. Laboratory analysis, sterilization at 120 degrees and extra special inspection of the final product - these are the procedures that are followed by all standards before the product reaches the consumer. Any raw material that goes into production has a certificate of appropriate quality.

Customers can buy stewed meat, Premium, Standard and Economy quality in different sizes (325 g / 425 g / 800 g).
